## 1 PROJECT STATUS REPORT PURPOSE

The Project Status Report is a document that Project Managers may use as a means of formal regular reporting on the status of a project to key project stakeholders, including the Steering Committee, Project Sponsor, and Senior Manager. The Project Status Report can be used to provide a documented history of the project. This can be applied to strengthen the lessons learned and to evaluate, review and learn from how the project succeeded and where it may have had difficulties.

Objectives of effective project status reporting include.

- Improve communication of information within the project and across the organization
- To create a record of the project progress
- Improve organizational support for the project
- To determine the improvement of the project

Simplify the process of gathering and disseminating project information
